

DecoArmor Pro ("DecoArmor") hereby warrants to Purchaser its decorative building products ("Products") for a period of twenty years from the date of purchase against manufacturers' MSDS non-conformance and degradation, cracking, and fading due to exposure to normal environmental and atmospheric conditions. The foregoing Express Warranty is subject to the standard provisions listed herein.

Standard Provisions

1) DecoArmor warrants that the Product will not experience change such that the Product does not simulate the appearance of the original article that the Product is replicating. Warranty coverage as to excessive fading of color is limited to that in excess of ASTM-B-659-80 No. 8 rating. The measurement of fading or chalking shall be made using the Gardner Laboratory Jacobson Chalk Tester. Fading must be in excess of 5 NBS units. Color measurements shall be made with a color meter, designed to adequately measure color by reflectance measurements of Tristimulus values, said measurements to be made by a representative of both parties. This warranty does not apply to color defects that are not noticeable at a distance of five feet or to hairline cracking, or to the Products' reverse side finish. DecoArmor Products, like other siding materials, will experience some degree of fading with long term exposure to UV and atmospheric conditions.

2) This warranty does not apply to or cover defects or damage caused by or associated with a) defects in or failure of any part of the foundation or wall movement of the building, b) building settlement, c) earthquakes, tornadoes, hurricanes, or other acts of God, explosions, fires, riots, or civil commotions or acts of war, d) falling objects, scraping, or damage to any part of the warranted Products caused by excessive physical blows, e) the hanging or suspension of weight, f) contact with or exposure to chemicals or foreign substances of a corrosive nature, g) contact with or exposure to water contaminated with lead, iron or other metallic substances, h) contact with metal or other fasteners not related to installation procedures, i) staining, j) any cutting, scoring or sanding of the Products not related to installation procedures, k) improper installation or any installation of the Products which does not follow Product installation specifications, l) use of any installation materials other than those specified in the Product installation specifications, m) use of Products on structures which do not conform to local building codes, n) defects such as air pockets and blemishes not found on the finished textured surface of the Product, and that are not visible or exposed to weather upon installation. o) damage caused by or during shipping and handling of the Products.

3) This warranty does not apply to installation materials or any other associated materials that are not manufactured by DecoArmor or DecoArmor manufacturers. DecoArmor Products are closed cell content and do not absorb moisture or allow air to flow through. If the Products are applied over substrate and the Products joints and edges are sealed, it may cause moisture to accumulate behind the Products and onto the substrate. It is the responsibility of the installer to allow for proper moisture drainage behind the Products. DecoArmor accepts no responsibility for any damage to substrates, or other materials, caused by moisture.

4) In no event shall DecoArmor's liability under this warranty exceed the replacement of the defective Products, nor shall DecoArmor be responsible or liable for the cost of labor to remove and replace defective Products, or for any special, indirect or consequential damages for loss to the building, its contents or material.

5) In the event of any defects in the Products covered by this warranty, Purchaser must notify DecoArmor after the discovery of such defects within 90 days, or the Purchaser shall be barred from any remedy for the breach of this warranty. Purchaser shall present to DecoArmor such evidence that establishes any claimed nonconformance or defect was due to a breach of this warranty, and DecoArmor shall have a reasonable period of time to verify said nonconformity. DecoArmor's liability for breach of this warranty shall be limited to repairing, re-coloring, or replacing the nonconforming products utilizing such materials, methods, or workmanship as should result in providing the prorated performance remaining under this warranty. DecoArmor shall have the sole discretion to determine which of the above methods will be used to fulfill its obligation.

6) DecoArmor makes no warranties, either express or implied, beyond the face hereof, including: in no event shall DecoArmor be liable for loss of profits, or any other incidental, consequential or special damages. This warranty shall be construed and interpreted in accordance with laws and customs of the State of Colorado.

7) All notice given to DecoArmor pursuant to this warranty shall be in writing and sent by certified mail, postage prepaid, return receipt requested, as follows:
